Chief Executive Officer & Board Member
GSM Association

Security Accreditation Scheme – Scope of Certification

To be viewed in conjunction with Security Accreditation Scheme Certificate No: ET-IL-1210

Production Site(s): E-Kart, Istanbul, Turkey

Following audit of this GSM smartcard production site against the requirements of v3.2.4 of the GSM Association Security Accreditation Scheme (SAS) standard the auditors are pleased to recommend certification with the following scope:

Embedding of GSM smartcards: *Within audit scope*

Personalisation of GSM smartcards: *Within audit scope*

Generation of data for GSM personalisation *Within audit scope*

Personalisation of GSM PIN mailers: *Within audit scope*

Value-added fulfilment of GSM smartcards: *Not carried out at this site*

Outsourcing: *Value added fulfilment offered by E-Kart is outsourced to third party suppliers and is outside the scope of SAS certification*
These activities were outsourced and not subject to review by the auditors

Exclusions: *None defined*
These activities were excluded from the scope of the audit

The auditors were provided with appropriate evidence that the processes and controls at the time of certification were consistent with those required by the SAS standard.
