Security Accreditation Scheme – Scope of Certification

To be viewed in conjunction with Security Accreditation Scheme Certificate No: BC-TP-1209

Production Site(s): Beautiful Card Corporation, Taipei, Taiwan

Following audit of this GSM smartcard production site against the requirements of v3.2.2. of the GSM Association Security Accreditation Scheme (SAS) standard the auditors are pleased to recommend certification with the following scope:

Embedding of GSM smartcards: *Within audit scope*

Personalisation of GSM smartcards: *Within audit scope*

Generation of data for GSM personalisation *Within audit scope*

Personalisation of GSM PIN mailers: *Within audit scope*

Value-added fulfilment of GSM smartcards: *Within audit scope*

Outsourcing: *No part of production within the scope of the audit is currently outsourced.*
These activities were outsourced and not subject to review by the auditors

Exclusions: *Only the standard personalisation solution in use at BCC, as reviewed by the auditors, is included within the scope of this SAS certification. Proprietary or alternative solutions requested by customers are excluded from the scope of certification.*
These activities were excluded from the scope of the audit

The auditors were provided with appropriate evidence that the processes and controls at the time of certification were consistent with those required by the SAS standard.
